Wave

Reduce energy costs and enhance performance.

Introducing the LED task light that helps you work better.

Why good lighting matters.

Choosing the right office lighting can significantly contribute to increased levels of employee productivity, well-being and a safer workplace. On the other hand, poor lighting can cause eyestrain and headaches, negatively impacting employee health and performance.

Create optimum lighting conditions for your workspace.

Adapt's Wave is a highly efficient LED task light designed to prevent eyestrain and increase worker productivity. Available in two versions (Wave I and II), Adapt's Wave provide consistent illumination whilst conserving energy, health and performance.

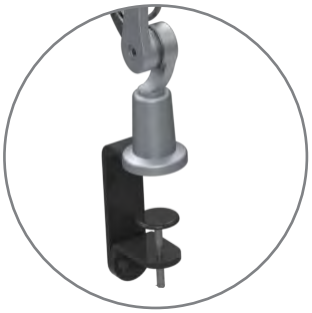

Key features:

- Multiple mounting options
- Ergonomic design
- Wave I includes dimmer with 3 settings as standard
- Wave II includes dimmer with 10 settings
- Ambient light sensor automatically adjusts to lighting conditions (Wave II)
- Fully adjustable
- Available in two different lengths
- Lifetime warranty

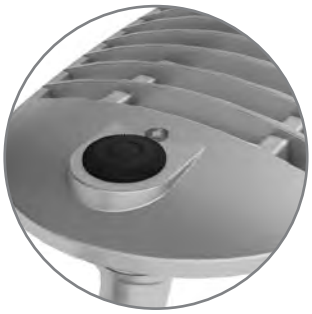

Key benefits:

- Reduces eyestrain
- Improves productivity
- Improves worker comfort
- Makes efficient use of space
- Reduces energy consumption and increases savings
- Eliminates light pooling, improving focus
- Environmentally friendly
- Future-proof

Choose from these colour options:

Environmental design

At Adapt we carefully consider environmental factors in every stage of our product cycle. This includes selecting environmentally friendly materials during design, manufacturing, packaging and shipping.

Adapt aftercare

Research shows that to achieve the full benefits from ergonomic products, employees should be trained to use them properly. As part of our service, training is available to ensure you make the most of your furniture and accessories.

Superior products

Every Adapt product is made from the highest quality materials and goes through rigorous testing before it becomes available on the market. That's why all Adapt manufactured products come with a lifetime guarantee, giving you peace of mind.
