SIGNATURE NAME PLATE

Designed with a curved profile, the Signature Name Plate by Adapt is modern and sleek in design.

Overview

Designed with a curved profile, the Signature Name Plate by Adapt is modern and sleek in design. With two hanging profile options and three available lengths, the plate will fit a wide range of office furniture, including the SpaceBeam by Adapt. Each Name Plate comes with a perforated sheet to print and slide into the holder. The Signature Name Plate makes a subtle and clean addition to any workstation.

Available in two hanging profiles and three lengths to easily affix to a wide range of office furniture.

Key Benefits

- Name Plate is constructed from anodized aluminum and clear acrylic to produce a sleek finish.
- Available in two hanging profiles, and three lengths.
- Velvet pads on the back prevent Signature Name Plates from scratching tool rail or other office furniture.
